A.

Q.2 Do you have any comments you wish to add?

A. Dear Sir/Madam,
I write you this letter with much shame and outrage. After the continuous and repeated mistreatment of the original natives of Australia since when Europeans first landed. They meaning Australian original natives have been mistreated over and over again and then came covid and the floodwaters of hatred and prejudice just poured into this community.
Have they not suffered enough!!? And may I ask what would you have done if that sort of repeated mistreatment was dished out to you and your community of privileged and entitled minded Europeans?
Try to have a heart and walk a mile in their shoes. Every culture has something worthwhile to offer and in this case abundance of Natural Indigenous wisdom to live with Nature and Earth and not to see earth simply as a resource extraction treasure chest.
There is something fundamentally wrong with this mentality of exploitation of people and precious resources in the name of obese amount of money and economic profit.
This avarice is like a disease million times worse than this manufactured covid nonsense. I sincerely Hope we come to our senses and see the absurdity of this situation....and specially understand the plight and sufferings of the Wangaan & Jaganlingo folks.
Kind Regards
Anthony Mondal
