

Framework for the Reduction of Funding and Services through a Service Agreement

Reduction at the *approved plan date* for the individual

- This reduction will occur for
 - Your Life Your Choice funding
 - individualised allocations which are contracted in hours or with a service report
 - individualised or block funding for host family arrangements
 - block allocations which are contracted in hours with a derived unit rate of greater than or equal to \$26.35*

Reduction at the *arrangement level* when all individuals have an approved plan

- This reduction will occur for all place based shared accommodation arrangements

Reduction when a *threshold point* is reached

- This reduction will occur for
 - block allocations which are contracted in hours with a derived unit rate of less than \$26.35*
 - block funded overnight centre based respite services
 - funded arrangements which are not otherwise specified

Reduction as per information, linkages and capacity building *commitment*

- The current approved position is for ILC services in Queensland to be continued until the transition period is completed unless other specific changes are agreed.

*\$26.35 is the threshold point during the 2018/19 financial year.
